

Business Insurance designed exclusively for the

Information & Technology Industry

The Information and Technology Industry is part of a rapidly changing and extremely fast paced business environment. There is a constant flux of new technologies, new service offerings, and exciting new business opportunities.

As your company continues to expand and evolve, you need an insurance broker who understands your industry, can customize an insurance program that changes with your business needs, and responds quickly to your insurance needs.

We understand the needs of IT companies. From start-ups to large multi-national technology firms, we assist our clients with their professional liability issues, IPO insurance requirements, bid and performance bonds, and U.S. Worker's Compensation coverage.

Our specialist will partner with you to design an insurance program that specifically addresses your Company's unique exposures to loss. Some special features may include:

- **Errors and Omissions Liability**
- **Security Breach Coverage**
- **Privacy Notification Coverage**
- **Rogue Employee Coverage**
- **Computer Fraud Coverage**

In addition to the above, the insurance program we recommend may include other insurance coverage that will protect the tangible and intangible business assets, such as:

- **Property & Liability Insurance**
- **Equipment Breakdown Insurance**
- **Automobile Insurance**
- **Director's & Officer's Liability Insurance**
- **Trademark and Copyright Infringement**
- **Pollution Insurance**

As an independent insurance broker, The CG&B Group Inc. implement customized insurance coverage solutions for our clients and recommend comprehensive risk management techniques. If you do experience a loss, we will represent you throughout the adjusting of the claim and ensure that it is handled in a professional and timely manner.

Successful businesses thrive by having a great team in place. We want to be part of your team, as your trusted insurance and risk management advisor.
